All your specialist
service needs in one
place

Who we are

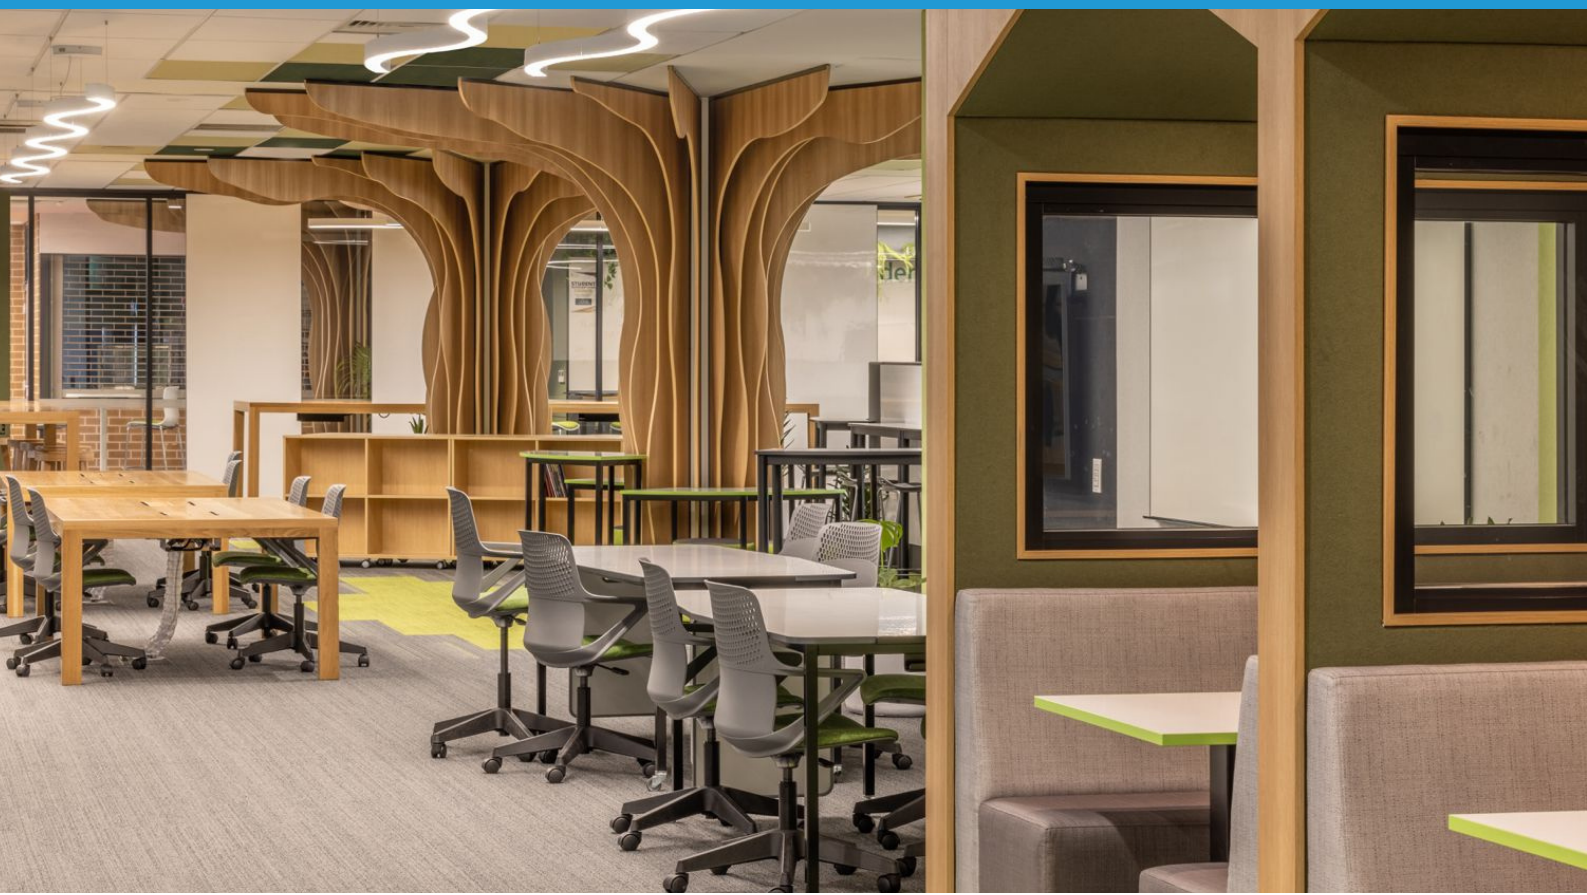

Laser Electrical & Communications Penrith is an experienced electrical contracting company that specialises in the Education sector. We carry out service work and project work, working closely with Catholic Education in the Parramatta & Wollongong Dioceses, Anglican Schools Corporation and many independent schools Christian, Islamic, International etc.

Our commitment to the education sector involves ongoing CM3 Contractor Pre-qualification with all of our staff undergoing background Police checks and Working with Children checks as standard.

We have also made the commitment to undertake First Aid & CPR training for each employee whether it be an apprentice, tradesperson or management to ensure our staff feel comfortable and confident in the workplace.

Why choose us?

We understand that schools face unique challenges when it comes to maintaining their electrical systems. As an experienced electrical service provider, we are equipped to handle these challenges with ease. Our team of licensed and certified electricians is committed to providing reliable and efficient electrical services to ensure the safety and comfort of your students, teachers, and staff.
